OLD LIES WEAR THIN

To date, no holds have been barred in inflicting alien immigration and its consequences on the whole white world. In fact, nothing like the same level of consistently applied energy has been put into ramming through any other aspect of public policy.

Almost every western country now has the same type of alien-inspired race laws intended to stifle freedom of speech and protest on racial matters.

Politicians have been bought and officials have in turn been appointed to betray their own people for money.

Businessmen have made massive private profits from the use of cheap immigrant labour.

Whole electorates have been bribed to ignore the multi-racial evil. This was no small part of the Thatcher fraud of the 1980's when millions of Britons were given brightly coloured baubles to play with to keep them quiet. Whilst Thatcher and her henchmen quietly committed treason — the swamping of our country with aliens on a scale never seen before.

In the longer term, this has not stopped a Europe-wide, even world wide rebellion from emerging, as is now happening, evidenced by growing protest and rising votes for Nationalists everywhere. Nor is the shortage of lollipops with which to bribe the kiddies, that has set in with the recession, the only reason for this.

The fact is that a major turn-around is taking place in the mood and thinking of white folk in general about immigration and race. Probably the most powerful factor of all in keeping the peoples of the west down has been the slow-poison propaganda fed into them day-in, day-out.

Above all, they have been made to feel guilty for alleged past sins, creating a state of mind in which it's felt every alien on earth is owed a lunch ticket for life.

Europeans were told to feel guilty about colonialism while Americans hung their heads in shame for having had slaves. This was despite the fact that the ordinary people had never had the 'benefit' of either colonialism or slavery! Indeed, ordinary white folk were exploited just as were coloureds overseas.

The Germans, who had their colonies confiscated, were instead told to feel guilty about the last war. It now emerges that atrocity allegations from the war were merely propaganda tales — used in all modern wars to stir up hatred.

In each case, the same basic psychological fraud has been the same — to create a phoney sense of obligation towards aliens on the part of whites.

Not a moment too soon, these lies are wearing thin. Whites are waking up with a bump to their plight of being a minority in the world, now being colonised by a majority third world population. This is just as well. If they are to survive, now is their last chance to stage a successful fight back.

WHITES WAKING UP

FACED WITH THE THREAT OF AN IMMINENT FLOOD of Afro-Asian immigrants. Whites are now stirring themselves to revolt from one end of Europe to the other.

First were the French. During the 1980's the patriotic *Front Nationale* called upon their fellow countrymen to stand and fight to save their land from the rising tide of colour threatening to drown it.

Millions responded by voting *F.N.* Then in 1988 Le Pen, leader of the *Front Nationale* won over 4 million votes standing for the Presidency of the Republic. He described this as an earthquake which had changed the face of French politics.

Such is the people's mood of hostility to immigration, that even right-wing conservative ex-president, Valéry Giscard D'Estaing, has changed his tune — now that the voters want to hear Le Pen's ideas!

D'Estaing now says he wants to make French Nationality a 'right of blood' rather than a 'right of ground.' A matter of race and ancestry rather than a place of birth. This is Le Pen's very turn of phrase!

It is now openly admitted that Le Pen has been vindicated.

His nightmare vision is of a France where a fast-breeding alien population will fill schools with Arab children, turning France into a Moslem nation — relegating the few remaining French kids to sit and beg outside the Mosques.

With the mass of French folk aware of this threat to their very survival, even France's corrupt political Old Guard are now trying to do a deal with Le Pen.

GERMANY

Riots against immigrants are starting to hit Germany's smug, alien-loving, establishment in Bonn. Ordinary Germans didn't get back the unity of their country just to see it turned into a province of the third world!

The Bonn régime promised the people of the East, who had suffered so long and so harshly under the Soviet yoke, their freedom. But aside from deep recession and mass unemployment, all they seem to be getting, along with the rest of the country, is Afro-Asian immigrants.

In Hoyerswerda, Saxony, formerly part of the Soviet zone, there was an explosion of popular rage last month when the authorities dumped a group of African and other immigrants on the already depressed community. The newcomers, who brought noise, dirt and disorder with them, had been given welfare, housing and other benefits seen as rightfully belonging to native Germans.

During large-scale street demonstrations against the presence of the immigrants, patriotic youths acted forcefully to evict them from the town. Delighted local people applauded them. Other smaller incidents were reported

elsewhere in the East.

Meanwhile, in the West, a more measured political response has registered itself. Prompted by the flood of phony third world 'asylum seekers,' Voters, especially the young, supported the patriotic *German People's Union* (D.V.U.) en masse in recent local elections in Bremen. The D.V.U. forced the race issue to centre stage and got a number of its candidates elected to the parliament of the city-state.

In other countries too, the same feeling is starting to spread. Belgium, Italy and Sweden, all similarly under threat from mass third world migration have also seen Nationalist success at the polls.

Here too, signs of the new awakening are showing themselves. The racial situation is as grave in this country as any other and a mood of popular resistance is growing.

This is why the people of Bermondsey, S.E. London rose as one with the BNP in August to push insolent 'Black Power' marchers out of their clean white neighbourhood. It also explains the high votes the BNP has been getting in recent local elections.

Everywhere in Europe the new racial patriotism is stirring to challenge the corrupt tyranny of multi-racialism. In France, Germany, Sweden, Belgium, Italy and Britain too, white people are waking up to the immigrant danger and doing something about it.

FN BOOST

IN FRANCE, the recent General strike has boosted support for the *Front Nationale*, Europe's biggest patriotic party.

Previously getting around 16% of the vote, support for the *FN* has risen to 25% over the last few months. The real shock for the French establishment came in a poll taken only several weeks ago. Asked who they would vote for if there was a General Election tomorrow, 32% of people said that they would vote for the *Front Nationale*.

Thirty two per cent of the vote would make the *FN* the largest single party in France!

If the *Front Nationale* maintain their support, they could well be the first of a wave of new Nationalist governments sweeping to power in a new Europe free of the domination of Washington and Moscow. All over Europe — in France, Germany, in Eastern Europe, as well as in Britain, Nationalism is again on the rise.

Whites Only Schools

LAST MONTH IN AN HISTORIC RULING parents were given the right to send their children out of alien dominated schools and into, as far as possible, all white schools.

Mother, Jenny Carney got Cleveland education authority back in 1987, to move her daughter out of a Middlesborough school with 60% Asians and into one with less than 2%.

The anti-British Commission for Racial Equality immediately took Cleveland County Council to law to reverse the decision in a judicial review. The good news is that Mr. Justice Macpherson dismissed the charge of racial discrimination saying that parental choice in education comes before the country's notorious race laws.

Every concerned parent now has the right, under parental choice in education, to move their children out of high risk and alien dominated schools into the best school that they can find!

ECONOMY IN CHAOS

While John Major doles out British tax money to all comers, National Westminster Bank Plc has also just written off £1,430 million of third world debt. At the same time, Nat West still managed to make a profit of £400 million for the year. How did they do it? This is what the bank said: 'Almost all the profit came from domestic banking which had a strong year... pushing up mortgage lending to £5,000 million'.

British house-buyers may not be very amused to see that through their mortgage repayments, they are subsidising huge third world debt write offs. Even less pleased will be the 60,000 families who have had their houses re-possessed this year because they could no longer keep up with the sky high interest rates.

Things for the Tories are not going too well. Six points behind Labour in the opinion polls, they were jumping for joy when it was announced last month that inflation was down to 4.1%.

Typically, Tory mouthpieces like the *The Sun*, *Daily Express* and *Daily Mail* etc. had huge headlines screaming '4.1% inflation boost for Major'. But as even the leader column in *The Times* remarked, 'any damn fool can bring down inflation by throwing millions out of work.'

On the same day as inflation came down to 4.1%, it was reported that 16,000 jobs are to go at British Telecom and 350 at ASDA supermarkets.

This year, 930 businesses have gone bust every week!

Back in June, *British Nationalist* warned that unemployment would reach 2½ million this Christmas and some 3 million by next summer. If Labour are the party of inflation, then the Tories are the party of unemployment!

Local By-Election News

EAST MIDLANDS Regional Organiser, John Peacock recently stood for the British National Party in a local by-election for Castle Donnington Division of Leicestershire County Council.

This was an interesting test for the B.N.P. The Castle Donnington area is overwhelmingly rural, with the electorate concentrated in two large and two very small villages. The area is relatively prosperous and immigrants are virtually non-existent.

Nevertheless, an intelligent, low-key (but probably too quiet) campaign was fought. It was a very useful training exercise for our East Midlands activists, and useful lessons were learnt.

Polling Day was on 31st. October. John Peacock gained 2.2% of the vote in a four cornered race. Competition for votes was very heavy between Labour and the Tories, a factor which undoubtedly squeezed our vote. Indeed, these two parties both gained 1227 votes each, making it a tie, but Labour won by drawing a straw! So it can be claimed with some justification, that

our intervention directly effected the result.

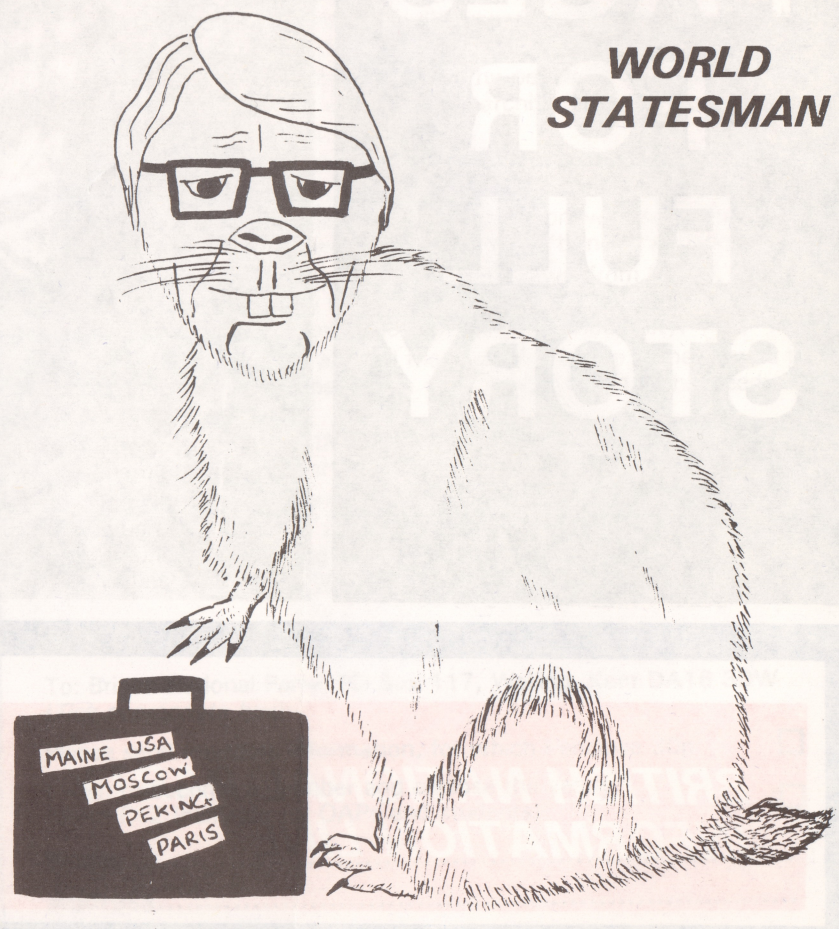

2.2% may not sound like a massive result, but it is more than twice as good as the result gained when the ward was last contested in 1983, and is a credible performance in an area that is not yet fertile territory for us. The good news is that as a result, a useful batch of enquiries was received!

HIS PROBLEM — OUR OPPORTUNITY

Child abuse was one of the hot issues on which this by-election was fought, with the disgusting case in Leicester being on everyone's minds.

Readers will doubtlessly be aware that the repulsive Zionist and anti-British Labour M.P. for Leicester West, Greville Janner, has been implicated in this case by one of the defendants. Time will tell as to the truth in this case and we will not pass any further comment. Nevertheless, all of a sudden, Janner's Leicester West constituency is looking awfully inviting to our East Midlands activists!

RACE WAR CENSORSHIP

THE MULTI-RACIAL EXPERIMENT THAT HAS BEEN FAILING FOR THE LAST 30 YEARS IS STILL BEING COVERED UP BY GOVERNMENT LIES AND CENSORSHIP. This is plain from the racial violence exploding from one end of the country to the other with only local news reports to tell of the carnage.

In last months *B.N.* racial gang wars were highlighted in Halifax, Bradford and Rochdale. This month we examine Oldham, Dudley and London.

In Oldham, a group of young school children were terrorised at a local community centre in the town's racially tense Glodwick district by a mob of 70 Asian thugs. The children, who were members of an under-12's football team had just started a kickabout on a football pitch when their team manager, Mr. Alan Sutcliffe, was suddenly grabbed around the throat by one of the thugs. The little children were instantly surrounded by the gang of Asians.

Mr. Sutcliffe shouted to his charges to run to the safety of their van as missiles were hurled at them. "The children were screaming and crying," he said. "Bricks were coming from all directions. They even tried to block the road but we managed to escape. As far as I'm concerned it was a racial attack. The crowd kept calling us 'white bastards.'" The attack was the second in the area inside 3 days which police believe to be racially motivated.

Meanwhile, where whites now see their areas infiltrated rapidly by large numbers of immigrants, many whites have felt driven to take hard-nosed action in what they see as a last-ditch effort to prevent alien domination.

In the Kates Hill estate in Dudley, W. Mids. fighting has broken out between local white youths and Pakistani immigrants. The situation has been much aggravated by the arrogance of the immigrants in putting armed gangs of self-appointed 'vigilantes' on local streets.

Similarly in Holborn, N. London the local Regent's Park estate has become a hot-bed of racial tension. The fault lies with Camden council which over the last few years has deliberately packed this white working class district with Bangladeshi immigrants. At the same time large amounts of cash have been given to the immigrants while nothing is made available to local whites.

YOUR LETTERS

Sir,—In Britain today it is often said business is booming in spite of 2 million plus on the dole.

What is really meant of course is that with over population here and all our industries destroyed, our competitors are assured safe selling to us. Courtesy of 'Democracy' of course!

E.H. ANDREWS

Sir,—Yesterday I attended the BNP Annual Rally. Today I feel TEN FEET TALLER. I would like to thank and congratulate all the speakers for such an impressive event. I would also like to thank all the local organisers and street activists for spreading the message of future hope for Britain.

It was mentioned from the platform that the BNP are currently re-designing the stickers and leaflets to get the message across much clearer and in an uplifting manner. Nothing could be more uplifting than a sticker/leaflet with a photograph of yesterday's rally and the words:— British Nationalism on the march for Britain.

R. SMITH
Nottingham

Red low life gets the boot

Inevitably, in these conditions, inter-racial hostilities have broken out as young whites have acted to defend their neighbourhood from attack as arrogant Asian gangs have carried out some very nasty racial attacks on whites, using chains, knives and other weapons. They seem to believe that they can drive native whites out so that they can grab the entire area for themselves.

The British National Party has always said that multi-racialism would be a disaster, that the more the races were mixed together the more violence there would be.

These examples are only the tip of an iceberg and yet our politicians and the media, as a matter of policy barely mention the problem. With their silly slogans of 'racial harmony' and the pretence that everything is sweetness and light they are as at odds with reality as the pre-glasnost Soviets who tried to hide the collapse of their economy from the Russian people.

MAJOR RIP OFF

It was announced last month that John Major has canceled third world debt. No doubt the corrupt third world dictatorships are suitably thankful. What he didn't say is, who is to foot the bill?

British Nationalist can exclusively reveal that the poor sap paying this will be the British taxpayer. Nice one John!

FOURTY AND OUT

HOTEL IBIS: Amazing scenes occurred when nearly 40 NF members squeezed into the tiny hall for this years AGM.

EIGHTY EIGHT LINES AND FOURTEEN WORDS

By David Lane P.O.W.

Long ago in endless time
Somewhere in empty space
The Gods gave substance to themselves
And to this earthly place

Then the sons of the Gods chose the earth
To carry on a fight
That started in another place
Tween the darkness and the light

Now the Arya were the sons of the Gods
And ORDER was their cause
For chaos cannot prosper
In the light of nature's laws

The Arya spread across the earth
And taught the folkish way
And for a time ORDER reigned
But twas a short lived day

For darkness had a battle plan
And an army all in place
Twas stealth and wealth and cunning
In the hands of an alien race

The alien brought the darkness
To every folkish land
Stole their wealth and heritage
With usury's hidden hand

Purchased Kings and fostered wars
So kindred folk were slain
By those of selfsame kin and blood
On every earthly plain

The alien taught the Arya
That a nation's not a Race
Nor culture nor kin nor heritage
Or even similar face

A Nation is wealth and power
And a National anthem they cry
A rag called a flag and a line in the ground
For this the Arya should die

So Persian slew Greek
And Roman fought all
From east of the Tigris
To Britain and Gaul

The blood of the white man
All shed in vain
Norman and Saxon
Celtic and Dane

The alien taught Arya names for the Gods
And no one did object
Tho son may call sire only father
All else is disrespect

So Arya slew Arya
For Milthra and Thor
For Christus and Zeus
And Jove they slew more

There came a time that Christendom
And Europe quailed in fear
As dragonships prowled the coasts
And Woden's sons drew near

The pope brought forth an inquisition
To reinforce his claims
Protestants and sons of Woden
Burned in Catholic flames

Our Father was the Norseman's God
To Christians that's a sin
Our Father had a better sound
So they slew their Nordic kin

And so the seeds of death were sowed
Among the Arya folk
The alien only had to deal
The final fatal stroke

America was the name of the sword
That ended Arya light
In Dixie first and then in Europe
She brought the alien night

I hear the voices of a murdered Race
Whispering to me and to you
From the graves of Dixie and Europe
Beware of the Red White and Blue

Too late my friend you read this ode
It's written in a prison cell
And the last generation of white children
Are condemned to a living hell

Arya child with skin so fair
With eyes of blue and green
And ladies with tresses of auburn and gold
Will never again be seen

This is the dread that tortures my soul
And demands to my last breath
That struggle I must to wake my kin
From nearby sleep of death.

We must secure the existence of our people and a future for white children!

LEFT-WING LOVELY

READERS OF *BRITISH NATIONALIST* may remember mention of Lambeth Labour Councillor, Rachael Webb. Rachael, readers may recall, cropped up in these columns during the write-up of the very successful Camberwell Green by-election campaign in August *B.N.*

Apparently, Rachael objected to being called 'he/she/it' and to references to he/she/its sex change operation. Since then, several readers have written in asking what this curious creature actually looks like. Not one to disappoint, here is the picture in question.

Any readers of *British Nationalist* who find Rachael attractive should write immediately to 'B.N.P., PO. Box 117, Welling, Kent' so that their names may be deleted from our membership/subscription lists etc.

North West Election Fund

The North West election fund to enable the region to fight the Rochdale seat got off to a flying start one weekend back in July when a Rochdale businessman donated £50 to get the ball rolling. This was followed up by a Bar-B-Que and a Nationalist rock concert after which, less expenses, another £126 went into the fund.

The following day, North West BNP Regional Organiser, Ken Henderson spoke at a Manchester BNP meeting at which the branch organiser pledged £200 on behalf of the branch.

Any other donations will be welcome. Only one seat, Rochdale, is being fought in Lancs at the next General Election. All supporters in the North West to get the job done right, should pass the ammo to P.O. Box 156, Rochdale, Lancs OL77 5LG.

BNP RALLY '91

SATURDAY OCTOBER 19th MARKED A MILESTONE IN THE PARTY'S HISTORY WHEN 500 MEMBERS AND SUPPORTERS RALLIED FOR THE BNP'S BIGGEST EVER INDOOR MEETING.

BNP Rally '91 — this years Annual Rally put the seal on the party's plans for fighting the General Election. To a large and enthusiastic audience, speaker after speaker spoke of the growing sense of optimism for the future of the party.

The rally, held in the heart of the East End in the prestigious York Hall boxing venue, was as expected the biggest Nationalist indoor meeting for more than a decade.

The imposing surroundings lent weight to the claims of the speakers that everything really is going our way! From a very impressive stage setting bedecked with Union Jacks the speakers signalled the close of an era and the opening up of a new age for Nationalism in Britain. Out goes a decade of division and in comes a new unity as Nationalists everywhere pull in one direction for the BNP. At the same time, the signals are there for anyone wanting to read them. **Tomorrow really does belong to us!**

First to speak at this years annual rally was West of Scotland Regional Organiser, Scott McLean. In his first speech at the rally, Scott spoke of the very encouraging prospects for the BNP in Scotland, in particular, how the BNP is being seen as a truly British National Party that Scots can share in, rather than as something just for the English. This development has come as recruitment to the BNP in Scotland has rocketed to make Scotland BNP one of the main driving forces for the BNP in Britain.

Ken Henderson was the next speaker and is an indication of the accelerating growth rate of the BNP. As Ken said, "A year ago, the BNP in the North West was something of a joke." That this year, Ken who is the BNP's North West Regional Organiser is speaking for one of the party's fastest expanding areas is proof if any is needed of the surge of support now being experienced by the BNP all over the country. Finishing his speech with his infectious enthusiasm, Ken said that somewhere soon the BNP would experience it's first major breakthrough and to applause and laughter he ended, "and I'll lay a tenner that it happens in Lancashire."

National Elections Officer, Eddy Butler then gave an overview of BNP election strategy and what the party hopes to achieve in the General Election.

Of crucial importance, as Eddy pointed out, was the fact that the rising votes of the BNP over the last year have been achieved through 'Rights for Whites' campaigning. In terms of strategy, outlining the party's progress and direction, this was undoubtedly the most important speech of the day.

Next to speak was Director of Propaganda, Tony Wells who reported on the effort made to find the BNP additional sources of publicity particularly with the General Election in mind. In addition, the party's range of publicity material was discussed as was a number of impending improvements.

York Hall plays host to British National Party Rally '91

John Tyndall, BNP leader

As with the previous speakers, Tony spoke of the growing optimism that everyone in the BNP now feels for the future. With party membership growing, rising votes, increased support on the streets and a stable political structure Tony finished by saying that "The British National Party is fighting harder than ever — **fighting harder because we know we can win!**"

BNP CANDIDATE

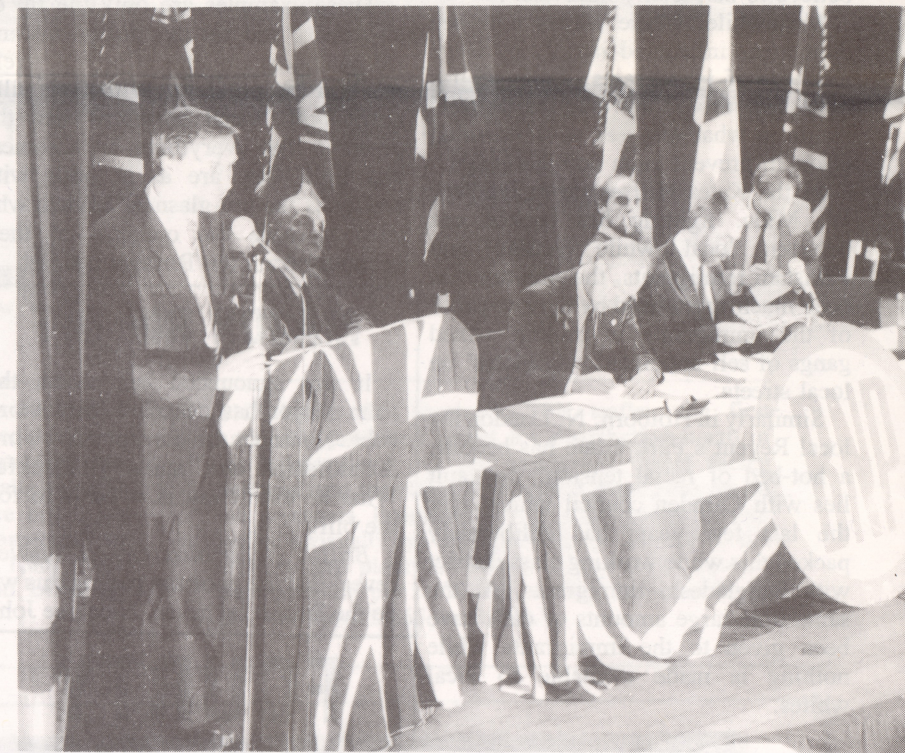

Next to take the microphone was Dr. Donald Clarke, BNP candidate for Darlington at the next General Election. Dr. Clarke has previous campaign experience, having stood before — as a Liberal!

Dr. Clarke spoke of the momentous events in Europe which has seen Nationalism surging into a prominence that gives real hope to everyone. Dr. Clarke looked in particular to the French Front Nationale saying that

this was the example to follow and way forward for the BNP.

BNP Rally '91 Chairman, St Tyler then asked National Organiser Dave Bruce to call for the traditional Dutch Auction collection. This year

Tony Wells: 'We are winning'

Richard Edmonds: 'Get that propaganda out'

- HUGE SUCCESS!

TONY WELLS REPORTS ON THIS YEAR'S ANNUAL RALLY

BNP Bookshop Manager, Richard Edmonds. Richard in his capacity as South London Organiser first thanked all the party activists for their support in the three big activities in London this year:— the Camberwell Green by-election (good result!); the Thamesmead march and then the historic events in Bermondsey as the British National Party led local people defending their community from attack.

As Manager of the party bookshop, Richard spoke of the need to put out more and more propaganda saying that seeing the follow-ups at the office made it obvious that where the leaflets etc. go out, the follow-ups come in. That, said Richard, was what builds up British Nationalism and finishing on a high-note to much applause he affirmed that 'Rights for Whites' campaigning will be the cutting edge of the BNP's coming breakthrough.

Traditionally the BNP's last speaker, BNP Chairman, John Tyndall received a standing ovation before he'd even said a word! Chants of 'Tyndall, Tyndall' echoed through the packed hall as the BNP leader took the microphone.

Thanking everyone for attending this years annual rally the party chairman

Eddy Butler: 'Rights for Whites'

made a real barnstorming speech in which he slammed the establishment parties for their lies and pretence that we live in a democracy. While in reality; the BNP is denied freedoms; elderly men and women are hauled into court for their opinions on race and international researchers are banned from visiting Britain because the government doesn't like their findings. As John Tyndall said, "If humbug lives for another thousand years, people will say of today, 'this was its finest hour.'"

Examining the Labour and Tory records of utter incompetence since 1945 John Tyndall finished to tumultuous applause and a standing ovation at the conclusion of the party's biggest and most successful annual rally ever. Speaking of them he ended: "You have proved that you cannot

govern. You have proved that you cannot stem the tide of the alien invasion into this country. You cannot and you will not defend the frontiers of this country from the foreign invader.

You cannot give the British people work. You cannot give the British people back their pride and self respect. You cannot give British industry the work that it needs. You cannot keep law and order in our towns.

You cannot govern. You cannot lead. You cannot do anything. You've failed again and again and again. So we say to you, the time is going to come soon when we will all come up against you and say, **YOU CANNOT GOVERN SO CLEAR OFF AND MAKE WAY FOR THOSE OF US THAT CAN!**"

A view of the impressive looking stage

collection raised £2,560 which although not as large as last year, is explained by people saving their money for the specific campaigns in their own areas in the General Election.

The rally chairman, who will himself be a General Election candidate for

Bermondsey, should be thanked for handling the meeting particularly well despite having a sore throat throughout.

With the collection over, the rally continued on it's way with one of the most popular speakers in the BNP — South London Regional Organiser and

BNP election warm-up leaflet — suitable for distribution in areas where the party has decided to contest seats but at an early stage in the campaign. Based on the 'Rights for Whites' theme, it is especially valuable in districts where immigration and race are a big issue. The leaflet is applicable to parliamentary or local government elections. £4.50 per 1,000, with postage charges of £4.10 for 1,000 and £4.65 for £2,000.

WAKE UP SCOTLAND!

Thanks to immigration since the Second World War, there are now 6 million Blacks and Asians in Britain.

Thousands and thousands of these are now coming to Scotland, coming to take our homes and our jobs. Tens of thousands are already here — mainly Asians. Parts of Glasgow have already been taken over, and every small town has now got its immigrants. On top of this, the Government plans to dump half of Hong Kong's 5 million Chinese here in Scotland!

The treacherous anti-British government in Westminster has also laid waste to Britain's, and Scotland's, industrial base on behalf of foreign competition in the Common Market — to 'reduce' industrial capacity — at the same time reducing everyone's standard of living and throwing thousands on the dole! Thousands of workers have been laid off in perfectly productive and profitable industries — remember the Ravenscraig steel works?

The Labour, Tory, Liberal and Scottish 'National' parties have done absolutely nothing for the people of Scotland. They have stood idly by while industry has been crippled and jobs lost. And all of them have positively welcomed immigration into Scotland. All of them stand Asian candidates at election times.

This is why the British National Party is leading the fight against immigration and job losses in Scotland. We say enough is enough! We call upon all Scots to rise up to protect our homeland, our people, our jobs and our way of life. Together, we can win!

NORTH EAST BNP — ALL SYSTEMS GO!

A SUSTAINED CAMPAIGN IS now underway in the North East to push the BNP as never before in the run up to the General Election.

A quiet hotel in Darlington saw Dr. Donald Clarke unanimously adopted as the BNP's Parliamentary candidate for the town at the next General Election.

This simple meeting chaired by BNP North East Regional Organiser, Kevin Scott attracted amazing publicity. Not because of any bother, simply because of the professional way the BNP is going about things. The candidate, Dr. Clarke, was a revelation to the reporters. Dr. Clarke was not at all how they like to imagine BNP members to be. The *Northern Echo* led its story: 'OXFORD-EDUCATED Dr. Donald Clarke is a far cry from the skinhead boot boy commonly associated with ultra-right politics.'

But the 65-year-old Edinburgh man shares a fear of the 'disintegration of

the white race'', which is highly acceptable among his youthful companions.'

Interesting were the impressions of Adam Batstone, the *Northern Echo* reporter. He admitted that Dr. Clarke looked both distinguished and possessed impressive qualifications. Of the audience he said: 'Dr. Clarke's minders were smartly dressed in casual shirts and suits as they marched him through the centre of Darlington watching out for trouble.'

The smart clothes and short haircuts were clearly designed to create the same impression of power which used to be conveyed by Dr. Marten boots, braces and skinhead haircuts.'

Batstone, apparently finding nothing nasty he could say about either the BNP or Dr. Clarke, contented himself with criticising the dress sense of party members — for wearing smart shirts and suits etc! What was his nickname

at school I wonder?

In addition to this publicity which came in September, opponents of the party have also given the BNP a free plug. Last month, BNP opponents organised a speaking tour — again reported in the *Northern Echo* which covers the whole of the North East. One anti-British scumbag warned against the BNP and said: 'They are capable of getting massive support.' and another said that the BNP campaign for Dr. Clarke for the General Election shows that the BNP is well organised. Both comments should really be seen as good news and as a back handed compliment. In the same way, North East Regional Organiser, Kevin Scott has got them worried and he was singled out as a staunch patriot capable of turning the North East into a real stronghold for the party.

The coverage generated by the Darlington meeting as well as an intense leaflet drive in the town has raised the profile of the party so that 'Darlo' people know that they can vote BNP next time.

Darlington hasn't been the only town in the North East to get the attention of the BNP. Both Sunderland and Newcastle have also had their fair share of activity.

In Newcastle, *British Nationalist* has been sold at Newcastle Monument, Eldon Square and in Sunderland, large parts of marxist Labour M.P. Bob Clay's constituency has been leafleted by Sunderland BNP.

Bob Clay, who goes out of his way to show solidarity with queers and blacks, saw the BNP from close up recently in Sunderland Market Square when BNP paper sellers were outselling local communists 10 to 1.

Dr. Clark, left with tie at Darlington BNP adoptive meeting

Clay, who was with the reds, didn't like the fact that Wearsiders showed more interest in the BNP than his own scabby crew. He wasn't very happy either that the reds who outnumbered by 60 to 6 didn't seem too keen to get physical — no doubt due to events the week before when Sunderland BNP showed that it's guts that count, not numbers.

Regular paper selling is now going

on all over the North East — in Newcastle, Sunderland, Darlington, Middlesbrough and Chester-Le-Street. Although at the moment, Sunderland gets the best results selling between 40 and 60 copies of *British Nationalist* every time. The success that Sunderland BNP have had paper selling shows that British people all over the country are once again interested in what Nationalism has to offer.

WATFORD PAPER SALE

WATFORD BNP held their first paper sale in the town last month selling 15 papers at their first attempt. Parts of Watford have a very bad race problem and this town, properly organised, is sure to be one of the party's best branches in the future. Thanks are extended by the Watford Organiser to all those that came from outside the town to help out.

At the same time, the BNP has hit the headlines with the press reporting on just a few BNP stickers going up in the town! The 'Rights for Whites' stickers have caused liberals and aliens who hate the British people to object. What they object to apparently, is the fact that the BNP say whites should have rights too!

British National Party Students Group

The BNP has now formed a section of the party just for students and is intended for those in higher education. Any interested graduates/under-graduates should write to BNP SG, PO Box 117, Welling, Kent DA16 3DW enclosing documentary proof of study (copies accepted) and college attended.

THE DAY AFTER THE BNP'S ANNUAL RALLY (see pages 4 & 5) saw another heartening result for the party.

The communists who oppose the BNP had promised to turn up at the BNP's regular Sunday morning paper selling site at Brick Lane to 'Reclaim the Lane'. Ignoring the fact that it was never theirs in the first place, these failures attempted a mass mobilisation to take the BNP's paper selling site by force. The idea was to deny patriotic East Enders the chance to buy their favourite paper, *British Nationalist*.

Knowing that the dregs from the left were to turn up, the BNP decided to hold a demonstration to coincide. At 11.00am there were some 200 BNP activists present just waiting for the reds to show up. Show up they did a little later and what a sight they were! Squatters, anarchists, lesbians, queers and other assorted riff raf who were obviously all in need of a wash.

They appeared suddenly from the north end of Brick Lane apparently with the intention of rushing across the road and sweeping the paper sales team from the pavement. To do this they had their 'hardest' queers and lesbians leading the charge.

REDS FLOP AT BRICK LANE

That left the reds and the BNP facing each other across Bethnal Green Road behind barriers. It also left the reds well short of their objective to 'Reclaim the Lane'. For the first time each side could clearly see the other and having seen the red trash close up a spontaneous chant started from the BNP side, 'You're just a bunch of queers'.

Chanting continued from both sides, with the reds not sure why they were there. They didn't win many friends

for instance by screaming 'For the IRA, against the British Army'. The handy BNP reply was 'SAS... Bang, bang, bang'. The reds looked particularly gutted when the BNP started to chant 'We are the future, you are the past' and simply, 'BNP, BNP'.

One of the interesting things was looking at the reaction of passers-by. Universally, they chose to walk on the BNP side of the road, stopping to gape at the dregs opposing the BNP and occasionally stopping to chat and buy *British Nationalist*. Even the Bengalis living in Spitalfields seemed more comfortable standing alongside the BNP!

Finally, having done a brisk trade selling *British Nationalist*, BNP activists made their way down Bethnal Green Road for a well earned drink in a nearby pub. The red filth, who had not had a good day of it disappeared the other way.

With the collapse of their heroes in the Soviet Union, the reds have had a collapse of morale and numbers. Now the BNP is on the rise, it is heartening to see that, unlike the past, the reds no longer outnumber Nationalists. Indeed, most times now, it is the BNP which outnumbers the reds. Perhaps that's why their leader, teller of fables, didn't show up — he knew the score!

The British National Party have proved once again that we are getting our act together on the street — THE STREETS ARE OURS!

A few of the impressive BNP turnout at Brick Lane

Unwashed reds, queers and degenerates

It was a joy to behold as they ran full pelt onto the corner of Brick Lane and Bethnal Green Road. And then they saw us — all 200 lining up just waiting for them. The leading reds were seen skidding to a halt and doing a double take of the BNP numbers the other side of the road. Eyes wide and jaws agape they came to a halt and the most pathetic sight of all was seeing them looking back at their mates wondering what to do.

Although present in small numbers, the police didn't have much trouble getting the, by now, very meek reds behind previously erected barriers.

National Stewards Party discipline

THE LAST two years have been tremendously successful ones for the British National Party. We have experienced significant growth and have attracted widespread attention and popular support. We have quite clearly moved several rungs up the ladder towards eventual power. It is now time to tighten up our presentation and discipline. With this in mind, a body of National Stewards is in the process of being formed. The instructions as to dress and behaviour that are issued by our stewards to members and supporters attending British National Party events must be complied with immediately. This is to be a basic precondition for attendance at these events. Only if we are disciplined and well organised will we be able to move on up the ladder towards political power.

If you think you are dedicated enough to be a National Steward, then contact your Regional Organiser.

Routing the Reds Part III

THE REDS, with a predictability and a lack of imagination that doubtlessly springs from the very roots of Marxist antiquity, have decided to hold an anti-racist march through the East End on Sunday 10th. November.

Twice this year already the reds, along with their pervert, queer and squatter friends have tried to picket our paper sale at Brick Lane in Bethnal Green. Twice they have been humiliated. Now they are going for the hat-trick! It will be a Remembrance Day to remember!

What we stand for

- The establishment of a government of national unity that will put an end to nationally divisive party warfare; the return of leadership and statesmanship to British affairs.
- An end to immigration and a start to repatriation.
- British withdrawal from the Common Market
- The disbanding of the multi-racial Commonwealth and its replacement by a new Commonwealth of self-governing white states.
- British ownership and control of British industry and resources.
- Protection of British industry by the selective exclusion of foreign manufactured goods from the British market.
- An end to the financial swindle that causes inflation and slump, and its replacement by a sane and fair financial system that will give the people the purchasing power to buy the goods they produce.
- The subordination of the power of the City to the power of government, and the harnessing of the City to the needs of British industry.
- The regeneration of British farming, with the object of achieving the maximum possible self-sufficiency in food production.
- Rejection of both the poll tax and its substitute, the new 'property tax', and a return to the old rates system, though with fairer rebates allowing for differences in income and in the numbers occupying properties.
- A healthy environment for a healthy people — the protection of our countryside and an end to the architectural disfigurement of our towns and cities.
- Tougher treatment of criminals, including the return of the death penalty.
- A return to traditional methods of education, with stronger discipline in the classroom and the sacking of 'trendy' teachers.
- An alternative defence strategy: withdrawal from NATO, closure of all foreign military and air bases in Britain, the strengthening of Britain's defences and a position of armed neutrality.
- An end to overseas aid and the allocation of the money saved to the financing of repatriation and greater help for the needy at home.
- The crushing of the IRA, the termination of the Anglo-Irish Agreement and firm support for the loyalist majority in Northern Ireland.
- Repeal of the laws permitting homosexuality and abortion (except where the latter is the result of rape or necessary on medical grounds), the wiping out of AIDS and a return to healthy moral values aimed at strengthening the family and community.
